

18M MEETING AGENDA May 27th – 28th, 2024
Hosted by UCLM
Faculty of Chemical Sciences & Technologies
C/ Camilo José Cela, 10, 13005 Ciudad Real

Venue: Salón de actos. Building San Alberto Magno. Faculty of Chemical Sciences & technologies (UCLM): Avenida Camilo José Cela, 10 13 071 Ciudad Real (see the map below).

Agenda

Sunday May 26th. (Travelling day)

20:00-22:00 Welcome reception- informal dinner at Restaurant Torreomar.

[Restaurant Torreomar Link](#)

Monday May 27th

Time	Subject	Who
08:30- 8:45	Welcome	
08:45-09:30	WP1 Coordination and Management <i>General Assembly (CA, reporting, deliverables, advisory board, portfolio implementation, BIA, GA and CA amendments...)</i>	CNRS
09:30-10:00	Introduction new Partner: Baltic Innovation Agency Description of main activities for next month	BIA
10:00-10:30	WP2: Innovative anode materials Task 2.1: Preparation, characterization and electrochemical performances of anode materials. CNRS-IC2MP: (10min. + 5min. Specific questions) CNRS-IRCELYON: (10min. + 5min. Specific questions)	CNRS- IC2MP/ CNRS- IRCELYON
10:30-11:15	Coffee break	
11:15-12:15	WP2: Innovative anode materials Task 2.1: Preparation, characterization and electrochemical performances of anode materials. DIFFER: (10min. + 5min. Specific questions) UPM: (10min. + 5min. Specific questions) UCLM: (10min. + 5min. Specific questions) CNRS-LCH: (10min. + 5min. Specific questions)	DIFFER/ UPM/ UCLM/ CNRS-LCH
12:15-13:15	WP2: Innovative anode materials Task 2.2 Kinetic and mechanistic studies CNRS-IRCELYON: (10min. + 5min. Specific questions) KIT: (10min. + 5min. Specific questions) All Partners: Overall discussion of WP2 and actions plan for next 6 months (30min)	CNRS- IRCELYON/ KIT
13:15-15:30	Lunch break (Bar restaurante derecho y ciencias sociales)	
15:30-16:15	WP3: Biomass electrolysis prototype cell Task 3.1 Cathode materials. UPM: (10min. + 5min. Specific questions) UCLM: (10min. + 5min. Specific questions) CNRS-IRCELYON: (10min. + 5min. Specific questions)	UPM/ UCLM/ CNRS- IRCELYON
16:15-17:30	WP3: Biomass electrolysis prototype cell Task 3.2 Electrolysis prototype cell: main results of each group. ICT: (10min. + 5min. Specific questions) All partners: Overall discussion of WP3 and actions plan for next 6 months (60min.)	ICT
19:00-20:30	Guide tour in Ciudad Real departing from Doña Carlota Hotel	
20:30	Social Dinner hosted by UCLM- Restaurant (Cafeteria Plaza Guridi)	

Tuesday May 28th

Time	Subject	Who
09:15- 9:45	WP5: Sustainability assessment and optimization KIT ITAS: main results and action plan for next 6 months	KIT
09:45-10:15	WP6 dissemination actions 2024 events (H2 workshop Lyon, ICC booth and H2 week booth) and 2025 events (1/2 summer schools)	?
10:15-10:45	WP7 portfolio actions	CNRS- IRCELYON
10:45-11:15	Closure of the meeting Conclusions	CNRS- IRCELYON
11:30	Brunch at Cafeteria-comedor Kiosko-Bar	

- ❖ For **Monday 27**, presentations of 15 min must be 10 min+5 min of specific questions. Please respect the time
- ❖ It is strongly suggested to upload all the presentations in the shared folder to save time during meeting before May 24th,2024.
